International Projects & Logistics Pty Ltd
Unit 2, 253 Leitchs Road, Brendale Qld 4500, Australia

International Projects & Logistics has established a worldwide presence through strategically located partners and as such, enjoys a reputation as a global market leader for the unique approach to managing the movement of any sized cargo involved in a broad range of disciplines.

The company has successfully served but is not limited to Mining, Oil & Gas, Chemical, Marine, Materials Handling, Civil and Structural Engineering, Power Generation and Treatment Processing sectors as well as general Break Bulk.

With our extensive business channels, International Projects & Logistics can source any type of special carrier such as heavy lift vessels, tugs, pontoons, supply vessels and semi-submersible vessels on the basis of voyage charter, part charter, time charter.

In line with our goal to extend our business profile, we can now also offer our services for any type of cargo to Papua New Guinea. Our office in Brisbane is strategically well placed to handle shipments from Australia and transshipments from overseas origins. Due to our network of local agents in PNG, we can also arrange door to door deliveries incl. customs clearance services.

A fundamental element to our business operations is the strategic planning in overseeing all areas of pre-shipment and oncarriage delivery stages, taking into account any technical barriers and relevant statutory requirements to ensure a timely integrated logistics solution to the destination site all the while being focused on maximizing economic efficiencies wherever possible.

With over 25 years of global project logistics experience, International Projects & Logistics is a global logistics provider for companies requiring transport of heavy lift, project-related and oversized cargoes with a hands on approach. International Projects & Logistics is a 100% Australian owned and operated company with their head office conveniently located in Brendale Qld (Brisbane) Australia.

With highly experienced staff, International Projects & Logistics offers total logistics management, technical support and freight forwarding expertise to ensure a cost effective solution to accommodate specific delivery needs of our valued clients.
